*Welcome to a
Tapestry of Moments.*

Today, we stand in awe of the remarkable achievements of every graduand in our 2024 cohort. This year's theme '**A Tapestry of Moments**' underscores the importance of every experience, big or small, in shaping their lives. Their journey, filled with growth, love and joy has led them to this moment.

Let us cherish every step our children take as they progress into the next chapter of their lives. Let us reflect on the lessons they have encountered in their lives. The person they will eventually grow into is an accumulation of all their learning experiences. Today's concert represents more than a mere performance.

It encapsulates their weeks and years of hard work strung together and replayed into a tapestry of beautiful representations, filling us with pride and inspiration. Our children's lives will continue to unfold with opportunities within challenges to learn, thrive and blossom.

To the Kinderland Class of 2024, congratulations! Today, we honour you and the moments that have led you to this milestone. Keep celebrating, keep learning, and most importantly, keep believing in your ability to achieve the extraordinary.

Your graduation is only the beginning, and we are filled with anticipation to see all that you will accomplish in the future!

RHYTHMS and MOVEMENTS

MARCHING BAND

At Kinderland, music is a cornerstone of every child's development. Drawing from the success of our Children's Music Programme and guided by the expertise of Ms Hiromi Kurimoto, one of our esteemed external advisors, Kinderland launched Singapore's first-ever Preschool Marching Band in 2010.

🎵 Marching band performed confidently, displaying their coordination skills during the performance.

Music is one of the best avenues for promoting cognitive development and overall well-being in children, particularly during the critical first five years of life (Gaveesh, 2014). Being part of the marching band offers children a wide range of learning opportunities. Playing musical instruments in a band enhances children's listening and concentration skills, sense of rhythm, boosts motor coordination, promotes spatial awareness, discipline and builds teamwork.

Our marching band has proudly performed at various special occasions, including World Water Day and Esplanade's Octoburst! in 2019 and 2022. This year, 60 children from Kinderland Academy @ Yio Chu Kang and Kinderland Preschool @ Marine Parade came together to showcase their musical talents at the Kinderland Sports Fiesta, performing two spectacular pieces.

STAGE ENSEMBLE

Formed in 2017, Kinderland's Preschool Stage Ensemble has provided more platforms for children to express their musical skills. The ensemble has had the honour of performing at events hosted by the Early Childhood Development Agency, People's Association, and Esplanade. This year our stage ensemble took presence at several National Day celebration events across the island!

🎵 An ensemble of 14 children on portable keyboards, glockenspiel, triangle and woodblock, put together a medley of popular national songs at Joo Chiat's 65th Anniversary and National Day Celebration.

COLOUR GUARD

The Kinderland Colour Guard took pride for the second year at the Sports Fiesta this year. The presentation was elevated by a dazzling colour guard display from Kinderland Preschool @ Marine Parade which focuses on developing children's rhythm and coordination, strengthening their connection to music and movement.

🎵 Our young performers in synchronized marching, showcasing with their rhythmic coordination.

FAMILY IN UNITY

BE ACTIVE, STAY FIT

On 12 October 2024, Kinderland Sports Fiesta took place at the Singapore Institute of Management, with a key focus on strengthening the bond between fathers and their children through fitness and sports. The event was graced by Guest of Honour, Mr Xander Ong, Chief Executive Officer of Centre for Fathering. In his speech, he highlighted how sports play is one of the few methods in fostering stronger connections between fathers and their families. One segment that really stood out was the preschool gymnastic formations.

♪ Mr Xander Ong, also a Kinderland alumni, shared an inspiring speech, emphasizing the importance of sports and father-child bonding.

Under the guidance of our JACPA instructors, Ms Motoyama Mitsuzu and Mr Sakurai Shun, the children performed a variety of formations, including *sushi*, *peacock* and *airplane*. JACPA is Japan's largest provider of physical education for preschoolers.

Fathers actively participated in exciting activities like the *Parachute Party* and *Tug of War*. These sports activities helped create unforgettable moments for fathers with their toddlers and children. These fun and engaging events allowed families to bond and spend quality time together while promoting an active and healthy lifestyle.

♪ Children showcased their gymnastic skills by performing one of the formations "slides".

♪ Fathers cheered each other on for their team effort, strengthening bonds during the final round of the *Tug of War* competition.

♪ Mother of Kinderland Preschool @ Hougang posing with their macaron set and heartfelt letter from their child.

♪ Mr Zhulkarnain Abdul Rahim, Member of Parliament for the Chua Chu Kang Group Representation Constituency (GRC) participated in a tour of the Sunshine Place Centre and joined in the Father's Day celebration with the children at Woodlands Mart centre.

A SHOUT-OUT TO OUR SUPER DADDIES AND MUMMIES!

At Kinderland, we celebrate the special bond between parents and children, strengthening the partnership between home and preschool. For Mother's and Father's Day 2024, we went all out to honour and appreciate the parents of our students. Mothers received thoughtful tokens of appreciation, including macarons from Kinderland, a thank you letter and personalized messages from their children, expressing love and gratitude. For Father's Day, children prepared heartfelt performances, leaving fathers touched and smiling, celebrating the unique bond between fathers and their children.

NURTURING SOCIAL RESPONSIBILITIES WITH LIONS BEFRIENDERS

Lions Befrienders (LB), founded in 1995, is dedicated to providing friendship and care for seniors, helping them age with dignity while staying involved in their communities. Their mission is to ensure that seniors lead meaningful and enriching lives.

Our Kindergarten Two children designing the greeting cards for sale to raise funds for Lions Befrienders.

One of the many sets of greeting cards specially designed by Kinderland children.

Since 2018, Kinderland has partnered with LB to create meaningful connections between preschoolers and seniors. This collaboration enables children to share love and experiences, fostering empathy and helping them develop into compassionate global citizens. Through these interactions, children not only learn but also bring joy and wonder to the seniors' lives.

As part of the annual Start Small, Dream Big project, Kinderland preschoolers came together to raise \$43,388 in 2023 and 2024. This year our children design limited edition sets of greeting cards that were unique to Singapore's major festivals. Through this project, our children learned how their small actions amounts to greater kindness and service for the community.

RACIAL HARMONY

In addition to the sales of greeting cards for fund raising, five Kinderland Preschools celebrated Racial Harmony with Lions Befrienders elderlies with the theme "Embracing Diversity: Together We Make a Difference," highlighting Singapore's multiracial heritage.

NURTURING CREATIVITY and GROWTH

KINDERART PROGRAMME LAUNCH @ KINDERLAND ACADEMY

Kinderland Academy @ Yio Chu Kang launched the KinderArt programme in January 2024, designed to introduce and educate children on the various artists' styles and artistic representations. KinderArt programme complements the unique music-infused curriculum, enhancing young children's creativity and aesthetic appreciation while developing composure and expanding their knowledge beyond academics.

Children of Kinderland Academy @ Yio Chu Kang having fun and working together with their friends to design the art mural, showcasing the result of their pilot projects at the *Little Artists @ Work* exhibition.

The inaugural KinderArt exhibition, *Little Artists @ Work*, featured young creators from Pre-Nursery One to Kindergarten Two, who collaboratively crafted a three-piece mural using recycled materials. Focused on Dutch artist Piet Mondrian, a pioneer of abstract art, the mural highlights the exploration of colours and collage techniques while allowing an understanding on symmetry and patterns, enriching both children's artistic skills and cognitive development.

SUSTAINABILITY GREENERY AT KINDERLAND ACADEMY

Our children engaged in an interactive session which nurtures their understanding of harvesting from the gardener.

Educators and children decided which edible plants to grow, leading to a diverse selection of crops, including pumpkins, jackfruits, winter melons, kangkong, roselle, and papayas. Under their teachers' guidance, the children used the harvested produce to prepare meals. This initiative deepens their understanding of sustainability and provides valuable hands-on experiences that support their overall development.

The much talked about outdoor Children's Garden at Kinderland Academy @ Yio Chu Kang is explicitly designed for children's hands-on and real-world learning. Children are introduced to gardening and harvesting fruits and vegetables as part of sustainability efforts. They learn how plants grow, what they need to thrive – such as sunlight, water, and soil — and how these plants eventually produce food.

Our children explored out-of-classroom learning by examining a banana tree, immersing themselves in nature to foster curiosity and growth through hands-on experience.

Today is bittersweet at Kinderland Preschool @ Woodlands Civic Centre. We are sad to see our Kindergarten Two children leave, but we are proud of all the accomplishments you have made thus far. I feel so honoured to have had the chance to meet and grow with you outstanding children. Many of the children graduating today have been with us since Pre-Nursery. I hope you fondly look back on these years and carry great memories of your time at Kinderland. May the friendships you have made last a lifetime, and may the lessons learned serve you well in the future. So, with happy memories, we bid goodbye for now, with great hope and expectations for what the future holds.
