# A MESSAGE

**Dr Carol Loy**

*Director of Curriculum & Professional Development*

Welcome to ***Together, We Are Stronger***, a musical presented by 220 graduating Kindergarten Two children from our 2020 cohort.

This year's performances reflect the unity and resilience of Kinderland's children as the world goes through the unprecedented COVID-19 pandemic. From playing of musical instruments to endearing renditions of songs and dances, it showcases our children's talents and dedication.

Music has always been the essence of Kinderland's curriculum. Formed since 2010, the Kinderland marching band has taken pride as the first and only preschool marching band in Singapore. This year, we break new frontiers even in adversity, as we formed our first virtual marching band.

Our unique instrumental stage ensemble also demonstrates the children's abilities to play in harmony. The instruments played include keyboard, tambourine, castanet, claves, triangle and bells, to name a few. Besides providing another platform to further their musical skills, it also showcases what they learnt in the classrooms.

Your child has learnt many precious lessons and built meaningful friendships at Kinderland. Their performances today, a culmination of their learning journey, will make you proud of their achievements. We celebrate their success and congratulate them, as they start a new and exciting journey in primary school.

# OUR MUSICAL VOYAGE

## Kinderland Preschool Marching Band

*Our marching band exuding confidence.*

The formation of Kinderland's Preschool Marching Band was inspired by the award-winning bands from Japanese kindergartens in Osaka and Tokyo. Born as a percussion band in 2010, it has grown to include not only drums, but also keyboard instruments such as electronic keyboards, glockenspiels and pianicas.

Playing in the band helps our children to improve their listening, concentration, motor and coordination skills, enhances spatial awareness and directionality. Socially, they develop positive self-esteem and confidence while working in a team. Despite the COVID-19 pandemic, it did not deter our children from showcasing their musical talents as Kinderland formed its first virtual marching band since its beginning in 2010.

## Kinderland Stage Ensemble

Kinderland's Preschool Stage Ensemble was formed in 2016 after the success of Kinderland's Preschool Marching Band. Playing in a stage ensemble helps children to develop their musicality which includes listening and sense of rhythm, gross motor skills such as eye-hand coordination, discipline and teamwork.

Over the past years, both the marching band and stage ensemble have earned recognition and praises for its various benefits.

Our children were also given the opportunity and exposure to perform before a large audience. These experiences hone our children's confidence and improve self-esteem.

*The stage ensemble performance at ECDA Early Childhood Conference 2019*

# SHAPING OUR CHILDREN

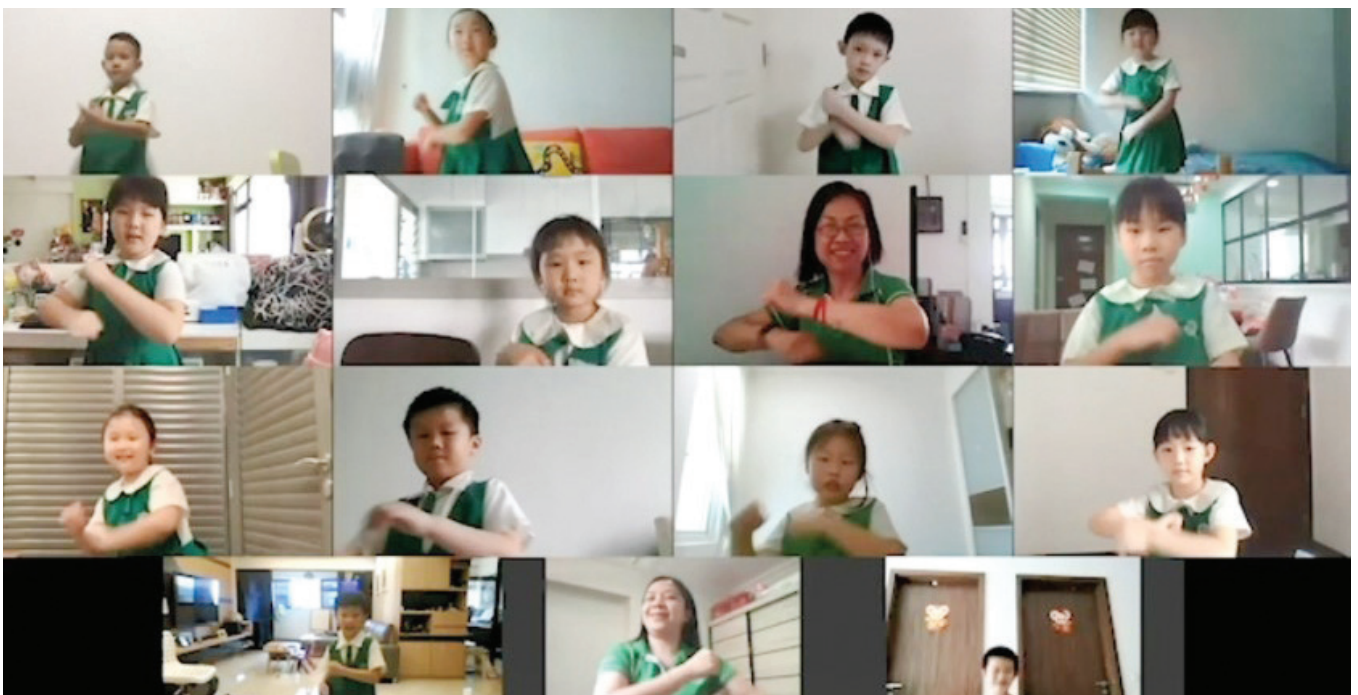

## Home-Based Learning (HBL)

Kinderland conducted HBL for our children during the Circuit Breaker period.

When Singapore announced the implementation of Circuit Breaker measures on 3 April, Kinderland's immediate objective was to ensure that quality teaching and learning will continue for our children. Our academic team, together with our principals and teachers, got down to formulate a system suited for our young children. They put in extra hours and worked hard in implementing and conducting HBL.

While there were challenges initially, our teachers were quick to resolve issues that arose and made the HBL learning journey a positive and conducive one for all our children.

Virtual lessons were in place so that our children can continue learning at home.

# SHAPING OUR CHILDREN

## Coping with the New Normal in School

*Children go through daily temperature-taking before entering the centre*

*Learning together in a new normal*

Towards the end of the Circuit Breaker, preparations were made for the reopening of our preschools. Our teachers and staff all played an important role to ensure that safe measures were dutifully applied across all our centres, while maintaining high levels of cleanliness and hygiene.

Children were also taught self-care and reminded constantly on personal safety measures such as wearing of masks, washing of hands regularly, and maintaining safe distancing.

Returning to preschool was never the same like before. Nonetheless, the resilience displayed by our children were commendable, as they were able to quickly adapt to the new normal in preschool.

*Safe distancing is practised during classes for the safety and well-being of our children.*

# SHAPING OUR CHILDREN

## Start Small, Dream Big (SSDB) 2020

One of the key values of Kinderland is care and concern. We aim to not only equip our children with skills and knowledge, but also nurture compassion and social responsibility.

This year's SSDB saw our children pack a total of 600 hand-sewn masks together with their lovely handmade greeting cards. These gifts of love were donated to the elderlies at Lions Befrienders, as a gesture to wish them well and to keep them safe.

Within our Kinderland centres, each also held their own SSDB projects and activities, as the children learned all about what it means to be kind.

These activities include packing care packs for essential and migrant workers, and learning how to care for nature and contribute to a sustainable world.

*The presentation of mask donation to Lions Befrienders (LB)  
From Left to Right: Ms Susan Lim (Senior Manager, Kinderland Singapore), Mr Seet Lee Kiang (General Manager, Kinderland Singapore), Mr Anthony Tay (Chairman, LB), Mr William Loh (Immediate Past Chairman, LB), Ms Karen Wee (Deputy Executive Director, LB)*

*Our children hard at work putting together care packs.*

*Our children learnt to pot their own plants in environmentally-friendly pots.*

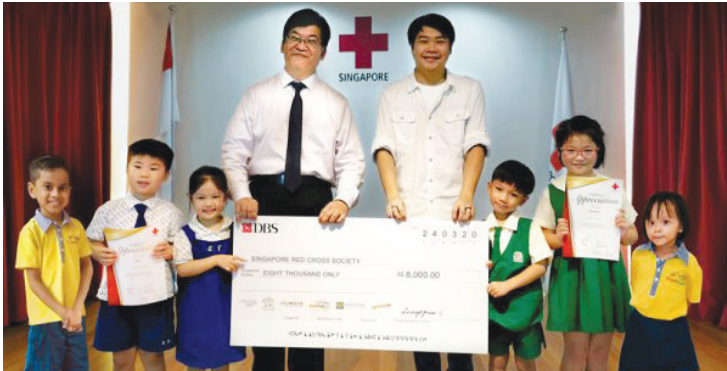

*Our children, together with their families, participated in this meaningful CSR movement.*

# SHAPING OUR COMMUNITY

## Singapore Red Cross Donation to China

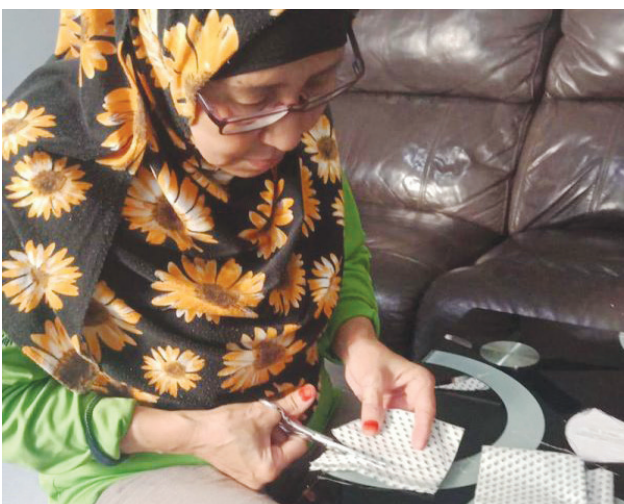

Kinderland children with Mr Seet Lee Kiang, Kinderland's General Manager, presenting the cheque to Red Cross representative.

Kinderland led a fund-raising exercise, together with brands under Crestar Education Group, in response to the call by the Singapore government to donate through the Singapore Red Cross to China and other countries that were impacted by Covid-19 in early 2020. With the support from our families, a total of S\$8,000 was raised in a short period of two weeks for the cause.

## Teachers Sewing Reusable Masks for Children

During the Circuit Breaker period, close to 200 staff from Kinderland and its sister brand, ELFA, were involved in sewing reusable masks for young children. In collaboration with Mask Sewn With Love (MSWL), the initiative was carried out to address a pressing need of small sized masks suitable for the preschoolers.

Our staff rolled up their sleeves and managed to sew a total of 1600 masks, of which 600 pieces were donated to Lions Befrienders for the elderlies. 1000 pieces were distributed to our children as part of the care pack upon their return to preschool.

# SHAPING OUR TEACHERS

## SCCL 2020 National Preschool Teaching Aid Competition

The winning entry by Kinderland Preschool @ Hougang, titled 'Otters On The Move (水獭搬家)', was highly praised for its good story script in cultivating environmental awareness.

In our first participation ever, Kinderland attained a total of three wins at the Singapore Centre for Chinese Language (SCCL) 2020 National Preschool Teaching Aid Competition.

The team from Kinderland Preschool @ Hougang emerged the top winner with the Most Outstanding Award, while Kinderland Preschool @ Pandan Valley and Kinderland Preschool @ Revenue House were awarded the Promising Award and Consolation Award respectively. With more than 300 submitted entries, this was definitely not an easy feat.

These awards have validated the standards and quality of Kinderland's Chinese programmes. This commendable achievement is made possible because of our passionate, creative and resourceful professionals. We are proud to have our Kinderland flag flying high.

Ms Koh Li Hoong (Chinese Teacher, Kinderland Preschool @ Hougang) receiving the award from Dr Foo Suan Fong (Executive Director, SCCL).

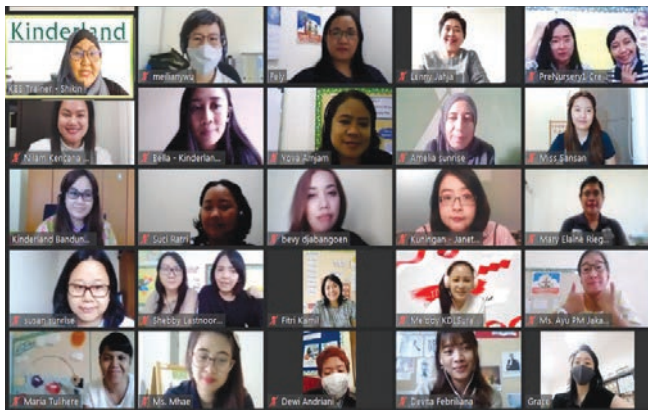

From Left to Right: Ms Melissa Ang (Principal, Kinderland Preschool @ Hougang), Ms Koh Li Hoong (Chinese Teacher, Kinderland Preschool @ Hougang), Dr Foo Suan Fong (Executive Director, SCCL) and Ms Wang Weiping (Assistant Curriculum Specialist, Kinderland).

# SHAPING OUR TEACHERS

## Teachers' Continuous Professional Development

At Kinderland, one of our values is Continuous Learning. This is not only exemplified by our children, but also by our teachers who go through regular training for professional development.

For the first time in history, our teachers' training was conducted online. However, that did not quell their desire for learning, and they were happy to be given the opportunity to refresh and upgrade their knowledge and skills.

Kinderland has also put together our first mass online training, Kinderland and ELFA Learning Day 2020 in September. The interactive session allowed our staff to build their confidence and poise as educators of tomorrow.

## Hand-Made Resources for Infants

During the time away from centres, our centre staff got involved in making hand-made teaching resources for our infants. Though they had to be apart from the team, this project kept them motivated, productive and gave them a great sense of contribution when the infants finally got to play with these toys.

The teaching resources were made of clean recycled materials that are easily found at

*These fantastically hand-made toys brought much cheer to our infants.*

home. The completed products, made with much passion and love were subsequently used at our infant care centres.

# THANKFUL FOR YOU

Kinderland Preschool @ Pandan Valley • 8 December 2020

From Left to Right:

ROW 1: ADELE GABRIELLE CHUA WEI LIN, CHEN YAN CHU, JARED THAMILCHELVAN LINGESHWARAN, JERALD CYRIL ABEYSUNDRA, LI WENRUI, LOIC JUNDE MARCEL VINCENT LE BORGNE
